Dear Mr. Tasun,

Subject: Additional 7 weekly charter frequencies between Moscow and Tel-Aviv

The Civil Aviation Authority of Israel (CAAI) presents its compliments to the Department of the State Policy in Civil Aviation and wishes to relate to exchange of letters regarding additional 7 weekly charter flights between Moscow and Tel-Aviv.

In light of the progress in the cooperation between the Aeronautical Authorities and positive development in the air traffic between our respective countries, the CAAI agrees to increase the entitlement of both sides to perform additional 7 weekly charter flights between Moscow and Tel-Aviv. The increase will be on a temporary and exceptional basis to be effective immediately and until the end of the IATA 2012 Winter Season, namely; 30th of March, 2013. Consequently, the total entitlement for the performance of charter flights for the said period will stand at 15 weekly frequencies.

The prolongation of this arrangement shall be reconsidered towards the IATA 2013 Summer Season based on the overall characteristics of this route.

The Civil Aviation Authority of Israel avails itself of this opportunity to convey personally to you and to the Department of State Policy in Civil Aviation the best wishes the New Year.

Respectfully,

Giora Romm
Director General
